

GALAPAGOS ADVENTURE CRUISE ON M/V ORIGIN/THEORY NORTHWESTERN ISLANDS

Itinerary Overview

The luxurious M/V Origin and identical sister ship, M/V Theory come to us from a family with long seafaring history in the Galapagos Islands, wedding an extraordinary level of comfort, cuisine, and expertise to the highest goals of sustainability. From the Concierge service to top-notch naturalist guides, to state-of-the-art equipment and furnishings, these premier vessels bring a new understanding of "evolution" to the Galapagos Islands!

Explore the fascinating blend of Indian and Spanish culture in Quito, South America's oldest capital city and designated UN World Heritage Site, and voyage among the unique Galapagos Islands. Discover plants and animals unique to particular islands as you travel throughout the archipelago. Our expert naturalist guides explain how these species have evolved and adapted over time. During an 8-day cruise you will visit the major wildlife sites, including some of the more remote outer islands. Meet exotic and bizarre wildlife as you venture among cinder cones, lava flows, white and black sand beaches and rocky cliffs, and cool off snorkeling in clear equatorial waters.

Itinerary in Detail

DAY 1: ARRIVE QUITO

Arrive in Quito and transfer to Patio Andaluz, a beautifully refurbished colonial hacienda conveniently located on Quito's historic colonial square. Overnight at **Patio Andaluz**.

Please Note: We can also accommodate our travelers with arrival and departure from Guayaquil on the delta of the broad Rio Guayas. Please inquire for rates and details.

DAY 2: QUITO

You begin your Ecuador vacation with a tour of colonial Quito, including the bustling Independence Plaza, the dazzling gold-leafed altars of La Compania Church, and the impressive San Francisco Church. Visit the Mitad del Mundo Equatorial marker and ethnographic village and museum for a fun and informative examination of the curiosities of life on the Equator. You will enjoy lunch al fresco at a lively café in the colonial square. Overnight at **Patio Andaluz**.

DAY 3: GALAPAGOS ISLANDS

Private transfer in the morning to the domestic airport for the flight to the Galapagos, you are met by your naturalist guide and transferred to the M/V Origin. After the welcome buffet lunch, travel by bus to the highlands to visit La Galapaguera, a breeding center for giant land tortoises in their natural habitat. Return to the yacht for the Captain's welcome cocktail and dinner. Overnight onboard the **M/V Origin/Theory**.

DAY 4: GENOVESA

You spend the entire day on Genovesa (Tower), considered to be one of the most spectacular Islands in Galapagos for bird species. This morning, you have a wet-landing at Darwin Bay, a coral sand beach where swallow-tailed and lava gulls gather near the tide pools. Enter a forest of *Opuntia* cactus and mangroves where colonies of great frigate birds nest. In a dramatic display, the earthbound males inflate their red-throated pouches to attract females as they fly overhead. The trail leads through a rich inter tidal zone where your naturalist guide helps you identify a wide diversity of wildlife. After the walk, you can swim and snorkel from the beach with sea lions in these warmer northern waters. Following lunch, you will have a dry landing at Prince Philip's Steps which takes you to the forest of Palo Santo trees, where red-footed boobies nest. Striking Nazca (formerly masked) boobies nest near the trail. In an open lava field, observe large numbers of storm petrels, and if you are lucky, you will see the elusive short-eared owl. Following the walk, kayaks are available for paddling along the shoreline. Look for the beautiful red-billed tropic bird usually found in the crevices. Returning to the yacht, you set sail early to motor to the western islands. Enjoy your naturalists' briefing followed by dinner. Overnight onboard the **M/V Origin/Theory**.

DAY 5: SANTA CRUZ

Disembarking this morning onto the Zodiacs, visit Caleta Tortuga Negro (Black Turtle Cove). The Zodiacs maneuver through a series of coves and inlets surrounded by mangrove swamps. Here you may observe pairs of mating sea turtles, white-tipped reef sharks, and golden rays. Following lunch, visit Cerro Dragon, won the northern tip of Santa Cruz Island. Along the trail, you find Darwin finches, Galapagos flycatchers, Yellow warblers, Audubon shearwater, and the brilliantly colored endemic land iguanas. You may also observe the Greater flamingo feeding in saltwater lagoons, as well as stilts, pintail ducks, sandpipers, and more. The view from the summit of the hill is lovely, taking in the vast forest of opuntia

cactus and fragrant palo santo trees. Overnight onboard the **M/V Origin/Theory**.

DAY 6: ISABELA

This morning, our excursion is a zodiac ride to Elizabeth Bay. You begin with a visit to a secluded cove lined with large red mangrove trees sheltering turtles, rays, and shore birds. You motor to the rocky islets known as “Las Marielas,” where a colony of nesting penguins, flightless cormorants, and giant marine iguanas may be found. This afternoon, you have a dry landing at Tagus Cove. Six volcanoes flowing together formed Isabela, the largest Island in Galapagos. During the walk, you discover a salt-water lagoon, a scenic overlook with a spectacular view of the surrounding ocean and neighboring islands, lava fields, and volcanic formations. Graffiti dating back to the 1800's is scrawled on the rocky cliffs. Explore the Coves by Zodiac or in one of our sea kayaks to find Galapagos penguins, boobies, pelicans, and other seabirds. An excellent snorkeling opportunity is offered here after the walk. Following the evening's briefing and dinner, a sky full of stars draws us out on deck to observe the galaxy. Overnight onboard the **M/V Origin/Theory**.

DAY 7: FERNANDINA / ISABELA

This morning, you have a semi-wet landing at Punta Espinoza, Fernandina; the youngest and most pristine Island in Galapagos. Recent lava flows formed by an active volcano stretch their way around the coast. Hundreds of marine iguanas, the largest colony in Galapagos, bask in the sun along the rugged shoreline. Observe sea lion harems with resident bulls carefully guarding their territory. Flightless Cormorants build their nests on the point and Galapagos Hawks soar overhead. After lunch, disembark at the base of Alcedo Volano, at Urbina Bay. Here you find 4 miles of exposed coastal seabed and remnants of marine life, brought to the surface during a dramatic uplift in 1954, following a volcanic eruption. The marine remains of coral skeletons, some of them waist-high, are visited after a wet landing on the beach. You may observe nesting brown pelicans and flightless cormorants here, as well as giant marine iguanas which also inhabit this area. Later cross the Bolivar Channel where you often spot whales and dolphins riding the bow wave. Overnight onboard the **M/V Origin/Theory**.

DAY 8: SANTIAGO / RABIDA

This morning, you have a wet landing at Puerto Egas, Santiago. Stroll with your naturalist guide along the shoreline looking for octopus, starfish, and other sea life caught in the tide pools. At low tide, catch a glimpse of marine iguanas as they feed on exposed green algae. Watch for great blue herons, lava herons, American oystercatchers and yellow-crowned night herons. Your walk ends at the grottos, deep pools of clear water where you encounter fur sea lions once on the verge of extinction. Before returning to the yacht, there is a snorkeling opportunity with opportunities to view massive numbers of brilliant tropical fish. As an alternative, you may use the kayaks to explore the marine environment and residents without getting wet.

Following lunch this afternoon, you disembark on Rabida Island, located off Santiago. Rabida sports the most diversified volcanic rocks of all the islands and is considered the geographic center of Galapagos. The dark red sand beach originated from the erosion of volcanic stones. Follow a trail leading to a salt-water lagoon, and hopefully observe Greater Flamingos as they feed. Brown Pelicans also nest in the mangroves at the far side of the lagoon. Following the walk, the snorkeling is excellent at the beach. Overnight onboard the **M/V Origin/Theory**.

DAY 9: SANTA CRUZ

Travel by bus to the highlands of Santa Cruz Island. The scenery gradually changes as you wind your way through all seven vegetation zones found in Galapagos. Here you visit the tortoise reserve where you encounter giant tortoises in their natural habitat. You visit *Los Gemelos*, Spanish for “The Twins,” a pair of large pit craters, and habitat for the brilliant red male vermilion flycatcher. A special treat is a stop at “the tunnels,” the largest lava tubes found in Galapagos, and eye-popping evidence of the Islands’ volcanic origins. Later, you visit the Charles Darwin Research Station. Here you may observe all three tortoise corrals and the breeding center with new hatchlings and miniature tortoises not yet ready to be repatriated to the wild. Scientists from all over the globe work at the station and conduct biological research from anatomy to zoology. You also visit the Van Straelen Hall with exhibits and a short video presentation. Back on board the yacht; enjoy the Captain’s Farewell cocktail followed by dinner and a briefing. Overnight onboard the **M/V Origin/Theory**.

DAY 10: RETURN TO QUITO / INTERNATIONAL DEPARTURE

After a morning visit to the San Cristobal Interpretation Center, your guide returns you to the airport for your mainland flight. Remain at the Quito airport for international departure this evening.

END OF SERVICES

Actual routes and activities may vary. Local trip coordinators and yacht operators reserve the right to change accommodations and activities to similar quality alternations

PRICING & DEPARTURES

[See current pricing](#)

[see current departures](#)

INCLUDED SERVICES

- All guided tours and excursions
- English-speaking certified naturalist guides
- Airport-hotel transfers, land and sea transportation
- 9 nights accommodation as indicated
- Meals as indicated [B-Breakfast, L-Lunch, D-Dinner]
- Open bar onboard yacht
- Wildland Adventures travel consultation and pre-departure services

NOT INCLUDED SERVICES

- International airfare
- Tips and gratuities
- Drinks, alcoholic beverages, and meals other than listed above
- Personal expenses for extra services, optional activities, or changes in your itinerary for reasons beyond our control
- Travel insurance for trip cancellation, medical services, or evacuation
- Any other items not mentioned above

NOTE: For Galapagos travelers, please be advised that due to weather conditions, vessel operation, and Galapagos Park management, **cruise itineraries are subject to change**. All yacht operators reserve the right to change vessels prior to departure due to maintenance or replacement. On very rare occasions when this occurs passengers will be transferred to another vessel and cabin of comparable or better class (comfort, services, amenities, equipment, etc.) at no extra charge.

Itinerary in Detail

DAY 1: ARRIVE QUITO

Arrive in Quito and transfer to Patio Andaluz, a beautifully refurbished colonial hacienda conveniently located on Quito's historic colonial square. Overnight at **Patio Andaluz**.

Please Note: We can also accommodate our travelers with arrival and departure from Guayaquil on the delta of the broad Rio Guayas. Please inquire for rates and details.

DAY 2: QUITO

You begin your Ecuador vacation with a tour of colonial Quito, including the bustling Independence Plaza, the dazzling gold-leafed altars of La Compania Church, and the impressive San Francisco Church. Visit the Mitad del Mundo Equatorial marker and ethnographic village and museum for a fun and informative examination of the curiosities of life on the Equator. You will enjoy lunch al fresco at a lively café in the colonial square. Overnight at **Patio Andaluz**.

DAY 3: GALAPAGOS ISLANDS

Private transfer in the morning to the domestic airport for the flight to the Galapagos, and on arrival you are met by your naturalist guides and transferred to your vessel for check-in and lunch. A mandatory safety drill follows, then passengers will be fitted for wetsuits and snorkeling gear. Everyone then boards the Zodiacs to return to San Cristobal and exploration of El Junco Lake. El Junco is the caldera of an extinct volcano and the only large freshwater lake in the Galapagos. Sea lions are everywhere, calling to one another and are seen lounging on boats at anchor in the harbors. Upon re-boarding the yacht, passengers are welcomed with a celebratory cocktail and briefing for the next day's activities. Your first delicious multicourse dinner awaits, complete with complimentary wines. Overnight onboard the luxurious **M/V Origin/Theory**.

DAY 4: SAN CRISTOBAL

This morning you visit Cerro Brujo, a breathtaking white powder sand beach, said to be one of the most spectacular in Galapagos. Here you have an opportunity to snorkel or kayak directly from the beach, where you may spot turtles or flamingos. Following lunch onboard and repositioning of the vessel, you visit the northeast tip of San Cristobal, Punta Pitt. This is a tuff formation that serves as a nesting site for many sea birds including blue footed, Nazca and red-footed boobies, frigatebirds, swallow-tailed gulls and storm petrels. Punta Pitt is considered to be a first-class site for birders, so don't forget your binoculars! Overnight onboard the **M/V Origin/Theory**.

DAY 5: ESPANOLA

Following breakfast, you have a dry landing at Punta Suarez, where you witness the highest rate of endemic species in the Galapagos. Sea lions noisily greet you as you land on “their” beach. Curious Hood mockingbirds peck at our shoelaces. From April to November, the waved albatross, found only on Espanola, perform their wild mating ritual. Colonies of blue-footed boobies engage in “sky-pointing” to show off for potential mates. Nazca (formerly masked) boobies busily care for their young. Stunning swallow-tailed gulls are the only nocturnal gulls in the world. Red-billed tropicbirds take shelter under the cliffs. You also find Darwin’s Finches, Galapagos Doves, and Galapagos Hawks. Here you may observe a unique species of marine iguana identified with traces of red and green colorings. Colorful sally light-foot crabs crawl along the shoreline near the dramatic “blow hole”. This is the scene most people envision when they decide to visit Galapagos. During lunch, you motor to the other side of the Island.

After a wet landing at Gardner Bay, you’ll walk along seemingly endless stretches of this white sandy beach where you’ll find large colonies of sea lions. There is no trail to follow so this is a chance to explore and discover Galapagos Hawks, Darwin’s Finches, or a Hood Mockingbird. Swim with sea lions from the beach. Your expert naturalist guides can point you to an excellent snorkeling site off Gardner Islet with colorful diversity of sea life near Tortuga Rock or caves covered with invertebrates. You are also permitted to use the kayaks here. Return to the yacht at sunset for dinner and your naturalists’ presentations. Overnight onboard the **M/V Origin/Theory**.

DAY 6: FLOREANA

This morning you step ashore at Punta Cormorant on Floreana, one of the few populated islands in the Galapagos. Floreana presents a rich history with mystery and intrigues worthy of a novel. Set foot on a green-sand beach alive with the sounds of sea lions. Follow a trail to a brackish lagoon, home of the pintail ducks, common stilts, and the pinkest Flamingos in the world. Your guide will help identify a rich variety of plants including morning glories, cutleaf daisies, palo verdes and scalesia, all while approaching a beach with power soft sand. Sea turtles lay their eggs in the sand dunes and brilliantly-colored rays swim in the shallow water. After the walk, you have an opportunity to snorkel at Devil’s Crown, a shallow sunken crater colonized by a brilliant array of colorful fish and coral.

This afternoon you visit Post Office Bay, perhaps not the most scenic, but probably the most famous site in Galapagos. Here you visit a post barrel, originally put into use in the late 18th Century by sailors onboard English whaling vessels. You are invited to mail a post card home with a Galapagos stamp! Overnight onboard the **M/V Origin/Theory**.

DAY 7: SANTA CRUZ ISLAND

Today travel via local “chiva” bus to the verdant highlands of Santa Cruz. The scenery gradually changes as you make your way through seven vegetation zones found in the Galapagos Islands. Visit a tortoise reserve, “La Primicias,” where you may observe the giant tortoises in their natural habitat. Next travel to the “Los Gamelos” twin pit craters and prime habitat to the vermilion flycatcher, a brilliant red streak of feathers in the greenery. Following lunch, visit the famous Charles Darwin Research Station, where scientists keep breeding corrals of all species of tortoises found on the islands. You may see brand new hatchlings as well as juvenile tortoises not yet ready to be released into the wild. This evening,

you have the option to remain in the town of Puerto Ayora to experience the nightlife and restaurants available there or return to the yacht for dinner. Zodiacs will be available for transfers through the evening. Overnight onboard the **M/V Origin/Theory**.

DAY 8: BARTOLOME / SANTA CRUZ

Following breakfast, you visit Bartolome, a landscape reminiscent of walking on the moon. While inhospitable to most plants and animals, this young island is breathtaking in its stark beauty. After a dry landing, climb 30 minutes up stairs leading to the summit of a once active volcano. Along the way, you pause to marvel at lava bombs, spatter cones, and cinder cones. From the top of the wooden stairs, gaze out across the island for a panoramic view of the island and iconic "Pinnacle Rock", an eroded tuff cone. Down below, crystal clear water is an invitation to snorkel from the beach or Zodiac with schools of tropical fish and Galapagos Penguins. After lunch, visit Las Bachas (The Barges) Beach, a long stretch of soft white sand and lagoons which provide habitat for the Greater Flamingo. Snorkeling here from the beach is a great passenger favorite. Later, a wet landing at Sombrero Chino presents us with sea lion colonies, and after a short hike, the trail gives way to lava fields and tubes. Here you will find marine iguanas and opportunities to snorkel with penguins. Overnight onboard the **M/V Origin/Theory**.

DAY 9: SOUTH PLAZA / NORTH SEYMOUR

This morning's visit is to South Plaza, a small geological uplift with tall cliffs offering spectacular views. After a dry landing, the trails lead you through Prickly Pear cactus or Opuntia and Sesuvium. Here you find the Galapagos land iguana feeding on the cactus leaves. Toward the end of the hill, you encounter a colony of bachelor sea lions. The dominant bulls will likely be in various stages of recovery from battles lost over prime beach territory. You also find swallow tailed gulls, shearwaters and red-billed tropicbirds who build their nests along the cliffs. This afternoon, you have a dry landing at North Seymour, a small geological uplift. Here you may observe Swallow-tailed gulls, Blue-footed boobies and the endemic land iguanas. Visit the largest

colony of Magnificent frigatebirds found in the Galapagos. Back on board the yacht; enjoy the Captain's Farewell cocktail followed by dinner and a briefing. Overnight onboard the **M/V Origin/Theory**.

DAY 10: RETURN TO QUITO

After a morning visit to the San Cristobal Interpretation Center, your guide returns you to the airport for your mainland flight. Remain at the Quito airport for international departures this evening.

END OF SERVICES

Actual routes and activities may vary. Local trip coordinators and yacht operators reserve the right to change accommodations and activities to similar quality alternatives.

Accommodations

PATIO ANDALUZ, QUITO

Situated in the heart of Quito's colonial center, Patio Andaluz holds centuries of Ecuadorian history within its elegant walls. With a maximum capacity of 63 guests, the hotel retains an intimate atmosphere coupled with impeccable service and modern amenities. This lovely hotel provides 21 standard rooms and 11 suites all with luxury toiletries, hair dryers, and in-room safes. The on-site restaurant, El Rincón de Cantuña, specializes in national and Spanish cuisine and classic international dishes. Enjoy your Ecuador holidays at the tapas bar, artisan shop or library as well. All of Quito's most popular highlights, including Independence Square, the Cathedral, and Carondelet Palace, are conveniently located nearby.

M/V ORIGIN OR THEORY, GALAPAGOS

When the M/V Origin set sail on her inaugural voyage in February 2016, the Galapagos Islands saw the ultimate in sustainability combined with absolute luxury. Now, her sister ship, the M/V Theory joins her in the high seas, to accommodate even more discerning travelers. These vessels feature seasoned crew members, two top-notch naturalist guides, a concierge service, gourmet meals, indoor and al fresco dining, open bar policy, sun deck with Jacuzzi, wet bar, BBQ, and spacious social areas. Ten luxury cabins occupy the Beagle Deck, each 140 sq ft, with panoramic windows. Each cabin has Apple TV with pre-loaded films, safety deposit box, lighted mirror, Espresso and tea set-up, bathrobes, and luxury biodegradable soaps

and shampoo. Top grade wet suits and snorkeling equipment, kayaks, and paddle boards offer a broad range of ways to experience the Galapagos Islands, while a well-equipped fitness center allows passengers to maintain their routines away from home.

BEAGLE DECK

Booking your Wildland Adventure

HOW TO RESERVE A TRIP

You can book online using our [Reserve a Trip form](#) or by calling 1-800-345-4453. Your space on a trip is confirmed once we receive your reservation form and initial trip deposit. All travelers must sign and submit a [Release of Liability](#).

Deposit requirements are as follows:*

\$1,000 per person for all trips the Galapagos. This deposit is non-refundable.

*Some trips require additional non-refundable deposits, especially when yachts have been chartered, or if permits to visit archaeological or wildlife sites have been purchased in advance.

CUSTOM TRAVEL

This trip isn't exactly what you're looking for? We are happy to design a private custom itinerary to accommodate your travel dates, interests and style of accommodations. Call us at 1-800-345-4453, send an email to info@wildland.com, or use the Ask The Program Director button on our website.

PAYMENTS, CANCELLATIONS AND REFUNDS

Full payment of the trip balance is due 90 days prior to departure. If you must cancel before departure, money will be returned less the cancellation fees charged by WA Inc. plus any additional non-refundable cancellation fees and payments already advanced to airlines, hotels and local operators:

Wildland Adventures Cancellation Fees:

Days Prior to Departure

61 or more
31-60 days
30 or less

Fee

Initial deposit amount
50% of costs
100% of costs

No partial refunds are possible for any unused portion of your trip. Penalties on airline tickets are subject to the individual air carrier's rules and regulations. Departure is defined as the date of the first flight, or the trip departure date as indicated on our *Trip Schedule*, whichever comes first. Cancellation fees are based on the date your written notification is received at WA Inc.

PRE-DEPARTURE SERVICES

Upon receipt of your deposit and completed reservation form, we will send you a comprehensive Pre-departure Dossier. This contains important information to help you prepare including immunizations, visas, trip insurance, packing checklist, reading list, maps, cross-cultural information, optional trip extensions and more. You will receive a final trip packet including Final Reminders and local contact information in your destination 2-3 weeks prior to departure.

REFERENCES AND QUESTIONS

Have any questions or concerns? Call us a 1-800-345-4453 or email info@wildland.com. We're here to help and are happy to provide you with references from previous Wildland travelers.

TERMS AND CONDITIONS: Wildland Adventures, Inc. has arranged your trip utilizing the travel services of local in-country ground operators who are independent contractors. These local outfitters, lodges, hotels and other suppliers of your travel services will make every effort to conduct this trip as described in the itinerary. It is however possible that due to transportation schedule changes, weather, delays and unforeseeable acts of God, humans or nature, this itinerary may vary from what is described. Participants must assume all risks whether identified in advance or unforeseen. All optional activities are at your own risk. Extra costs due to unexpected changes in your itinerary for reasons beyond our control are not included. We highly recommend purchasing traveler's insurance for trip delay, trip cancellation, baggage, accident or sickness. Representatives are available for assistance at any time during your trip. If preferred hotels are not available, every attempt will be made to reserve alternative accommodations of similar quality. (If upgrade is necessary, higher rates may apply.) All information and services provided are subject to our [Terms and Conditions](#).
